

1. MEDICAL DECLARATION - PART A

Scuba diving is an exciting and demanding activity. To scuba dive safely, you must not be extremely overweight or out of condition. Diving can be strenuous under certain conditions. Your respiratory and circulatory systems must be in good health. All body spaces must be normal and healthy. A person with heart trouble, a current cold or congestion, epilepsy, asthma, a severe medical problem, or is who under the influence of alcohol or drugs, should not dive. If taking medication, consult your doctor before taking part in this program.

The purpose of this Medical Declaration is to find out if you should be examined by a physician before participating in recreational diving. A positive response to a question does not necessarily disqualify you from diving. A positive response means there is a preexisting condition that may affect your safety while diving and you must seek the advice of a physician.

Please answer the following questions on your past and present with a YES or NO. If you are not sure, answer YES. If any of these items apply to you, we must request that you consult with a physician prior to participating in scuba diving. Your instructor will supply you with a PADI Medical Statement and Guidelines for Recreational Scuba Diver's Physical Examination to take to a physician.

1. Upon completing this experience, I will be qualified to dive independently.	<input type="checkbox"/>	<input type="checkbox"/>	6. I should add air to my buoyancy control device (BCD) to float at the surface.	<input type="checkbox"/>	<input type="checkbox"/>
2. To equalize my ears and sinus air spaces during descent, I will need to blow gently against pinched nostrils.	<input type="checkbox"/>	<input type="checkbox"/>	7. The "caution zone" on my air gauge indicates that I have plenty of air in my tank and that I may continue diving.	<input type="checkbox"/>	<input type="checkbox"/>
3. I should equalize every few feet/one metre while descending.	<input type="checkbox"/>	<input type="checkbox"/>	8. I should not touch, tease or harass an underwater organism since I may harm it or it may harm me.	<input type="checkbox"/>	<input type="checkbox"/>
4. If I have discomfort in my ears or sinuses during descent, I should continue downward.	<input type="checkbox"/>	<input type="checkbox"/>	9. I should stay close to the PADI Professional during my Discover Scuba Diving experience and signal if something is wrong.	<input type="checkbox"/>	<input type="checkbox"/>
5. Underwater, I should breathe slowly, deeply, continuously and never hold my breath.	<input type="checkbox"/>	<input type="checkbox"/>			

Participant Statement: I have had this Review explained to me and I now understand any questions I may have answered incorrectly. I acknowledge and accept that these practices are intended to increase my safety and comfort during the experience.

FLYING AFTER DIVING RECOMMENDATIONS:

1. For single dives within the no decompression limits, a minimum pre-flight surface interval of 12 hours is suggested.
2. For repetitive dives and/or multi-day dives within the no decompression limits, a minimum pre-flight surface interval of 18 hours is suggested.
3. For dives requiring decompression stops, a minimum pre-flight surface interval greater than 18 hours is suggested.

3. STATEMENT OF UNDERSTANDING AND ASSUMPTION OF RISK AGREEMENT DISCOVER SCUBA DIVING

I, [redacted] hereby affirm that I am aware that skin and scuba diving have inherent risks which may result in serious injury or death. In particular, I acknowledge:

1. That diving with compressed air involves certain inherent risks of decompression illness, embolism, and other hyperbaric injuries and that such injuries may result in death or serious disablement.
2. That injuries of the type referred to in Clause 1 above may require treatment in a recompression chamber. That open water diving trips which are part of the Discover Scuba Diving program may be conducted at a site that is remote either by time and/or distance from a recompression chamber. I choose to participate in the Discover Scuba Diving program despite the possible absence of a recompression chamber in proximity to the dive site.
3. That skin diving and scuba diving are physically demanding activities and in susceptible individuals may cause heart attack, panic or hyperventilation.
4. That scuba diving involves the use of equipment that may malfunction giving rise to risk of death or disablement.
5. That skin diving and scuba diving necessarily involve the exposure to the natural elements including but not limited to storm, tempest, wind, tides and marine life. Such exposure brings with it attendant risk of death or disablement.
6. That the Discover Scuba Diving program is designed to provide me with a safe introduction to scuba diving. The program is not intended to train me as a competent diver.
7. In consideration of being allowed to participate in this Discover Scuba Diving program, I hereby personally assume all risks in connection with the said program, for any harm, injury or damage that may befall me while I am participating in this Discover Scuba Diving program, including all risks connected therewith, whether foreseen or unforeseen.
8. The information I have provided about my medical history on the Medical Declaration is accurate to the best of my knowledge and belief. I agree to accept responsibility for omissions regarding my failure to disclose any existing or past health conditions.
9. I further state that I am of lawful age and legally competent to sign this statement of understanding, or alternatively, the written consent of my parent or legal guardian is provided herewith.
10. In the event that any part of this document is held to be inconsistent with any relevant statute, then the parties agree that the document will be invalid to the extent of that inconsistency only.
11. I understand that the terms herein are contractual and not a mere recital, and that I have signed this document of my own free will.

4. PRIVACY

I consent to the collection of the personal data in this form by the independent dive operator running the dive course in which I intend to participate ("Dive Course Operator"), the communication of that personal data to PADI and to its use to satisfy regulatory requirements, PADI standards, insurance requirements and for quality control purposes.

I acknowledge and understand that the medical information provided by me in Part A overleaf will be retained by the Dive Course Operator in accordance with its own privacy policy but may be provided to its insurers, PADI or their insurers or associated entities if required for safety, legal or review reasons. Any information provided to PADI will be held in accordance with its privacy policy, a copy of which can be viewed at www.padi.com.au.

I acknowledge that the personal information provided in Part B overleaf will be provided by the Dive Course Operator to PADI and consent to that information being provided to PADI affiliates within and outside of Australia to enable them to provide me with information on other PADI courses, products and sponsored activities.
